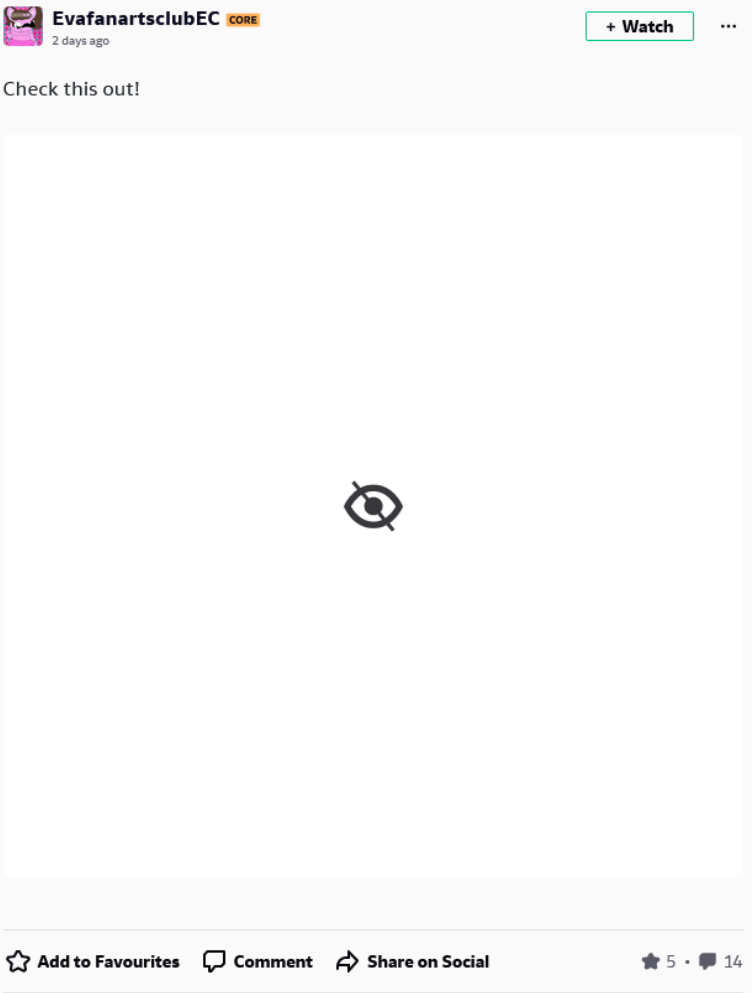
Evafanartsclubec Call Out

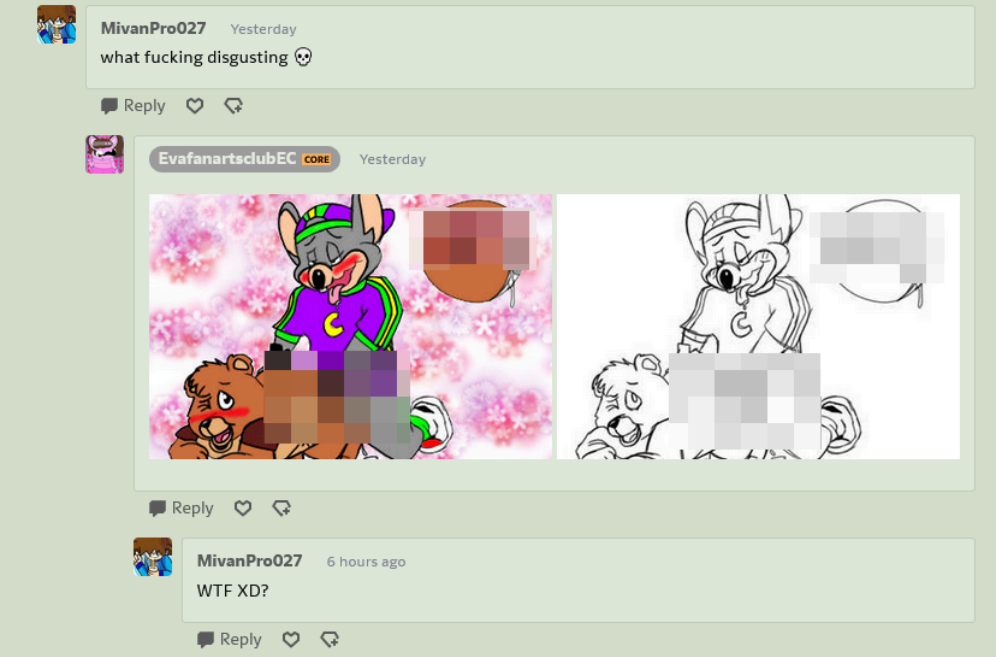
Everything in this call out will be censored

Hello, I'm not one to make a call out journal on someone let alone someone I've only seen in passing. But I thought I should seeing as how severe their actions are and this isn't the first offense from what I learned

So I went on to their account because they faved on of my pictures and I recognized them from others people I watch doing collabs with her. I decided to check out what they've posted and seeing a giant maturity warning on this status she was sharing, I was curious on what it was.



And well… this is what I'm greeted by

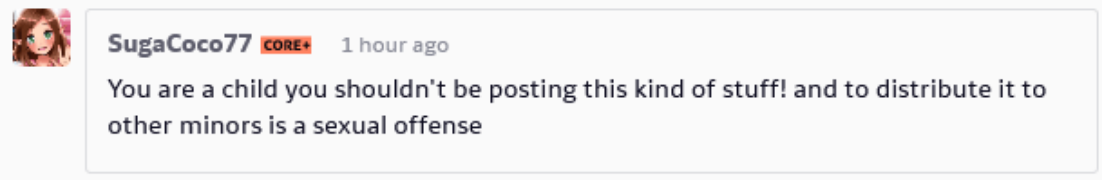


And when I was going onto the original artist page it says that this was requested by Eva

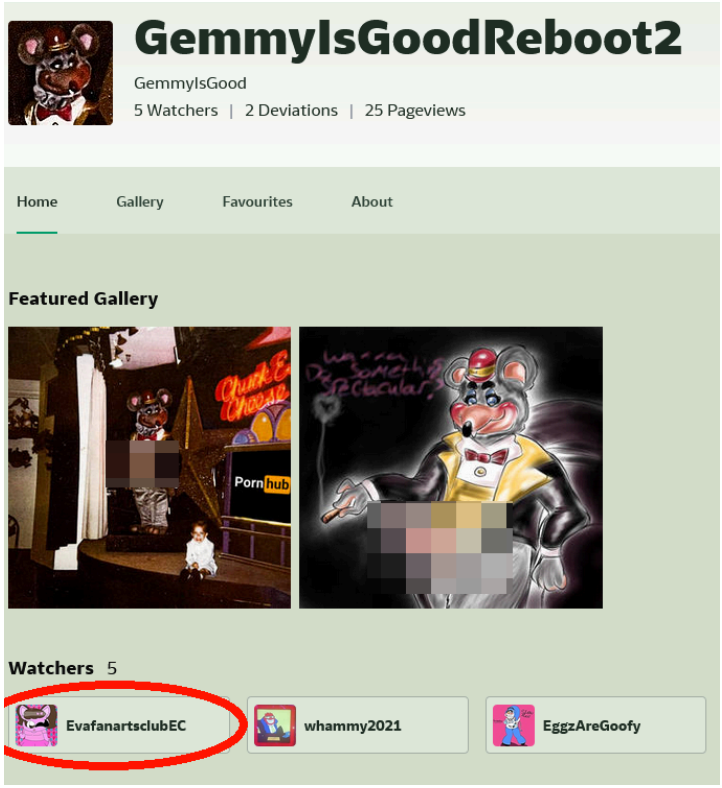
They shared this image in a statue where anyone could see and even encouraged minors to view it

Seeing that she can’t even view what she shared made me wonder how old she was. The kid is only 15!

Seeing that she was a minor herself I warned her that this isn’t right to be shared.

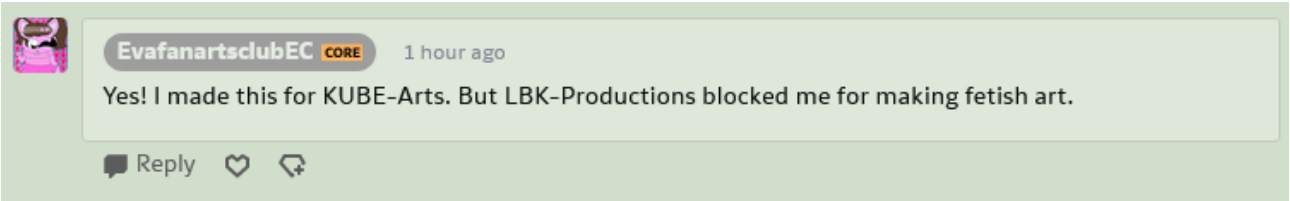


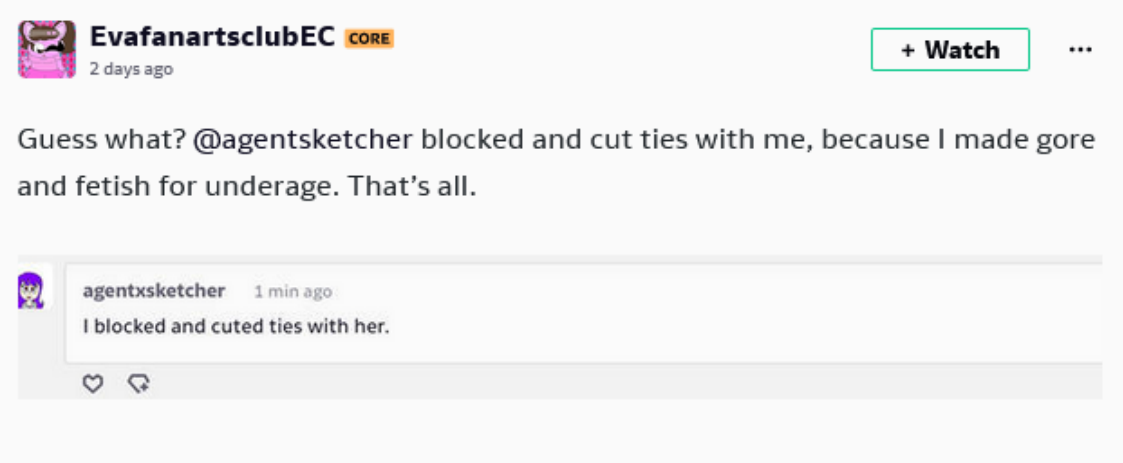
I then decide to check the rest of their page and it's just littered with fetish art. Inflation, Pregnancy, Gore, Diaper, Fart, ect. And she's watching NSFW trolls like this one



To save me from censoring all the images in her faves here's the results for NSFW and Fetish images in her favorites

She also makes posts complaining that people are blocking her because she sends nsfw unsolicited





The comment underneath this. Showing that this isn't a one occurrence

Okay, Eva, listen to me. As your best friend, I genuinely want to help you, so being that I do, you need to listen to me.

It seems that a lot of people blocked you and I've been seeing it happen far too frequently. But, don't you think you should take a second to realize that it's you who might be causing this to happen? I mean, if that many people block you, that's
usually a sign you're doing something wrong, which in this case, you are.

The reason behind why people keep blocking you is because you're inadvertently disrespecting their boundaries by sending NSFW, gore, and vore fetish art their way, with little to no consideration for whether or not they're comfortable with those things.

And with this person, of course they'd block you, I mean, look at what you did! Sent them porn of UNDERAGED characters as well as gore, and yet you find nothing wrong with it?

Eva, I love you, I really do. That's why I'm gonna try everything that I can to help you change as a person. Of course, I can't just automatically knock these habits out of you, but I can try recommending alternatives to ensure that you're safe and that the people around you aren't made uncomfortable.

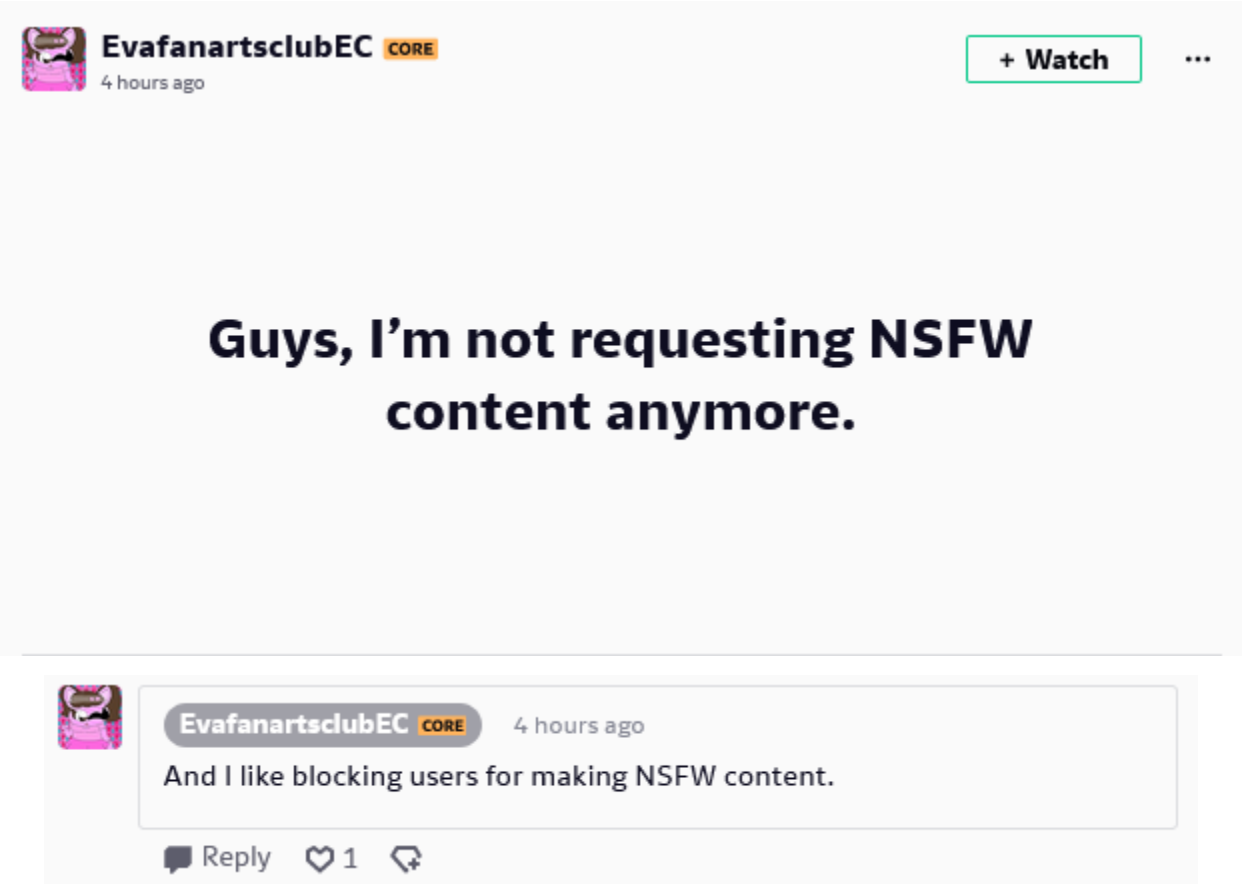
Again, I sent Eva a warning 2 hours ago (I see that she's active online right now) but she's choosing to ignore it and continue down this path and exposing other minors to sexual images, which is disgusting

Minors should stay out of fetish and NSFW spaces, for their own and others safety!

Update 6/7/24

I was just tagged in a comment on talking to Eva and she said that she's going to stop requesting NSFW art which is great



However looking at their other status comments I came across something that shocked me

Haven't you favourited child fetish art before such as DeviantArtBlockingAg's child fetish art, which is pedophilic? (No offense)

EvafanartsclubEC CORE 3 hours ago

I do.

Reply

XxTheGreat12 3 hours ago

Well... you cannot do that, because the characters in these fetish ar ts are minors.

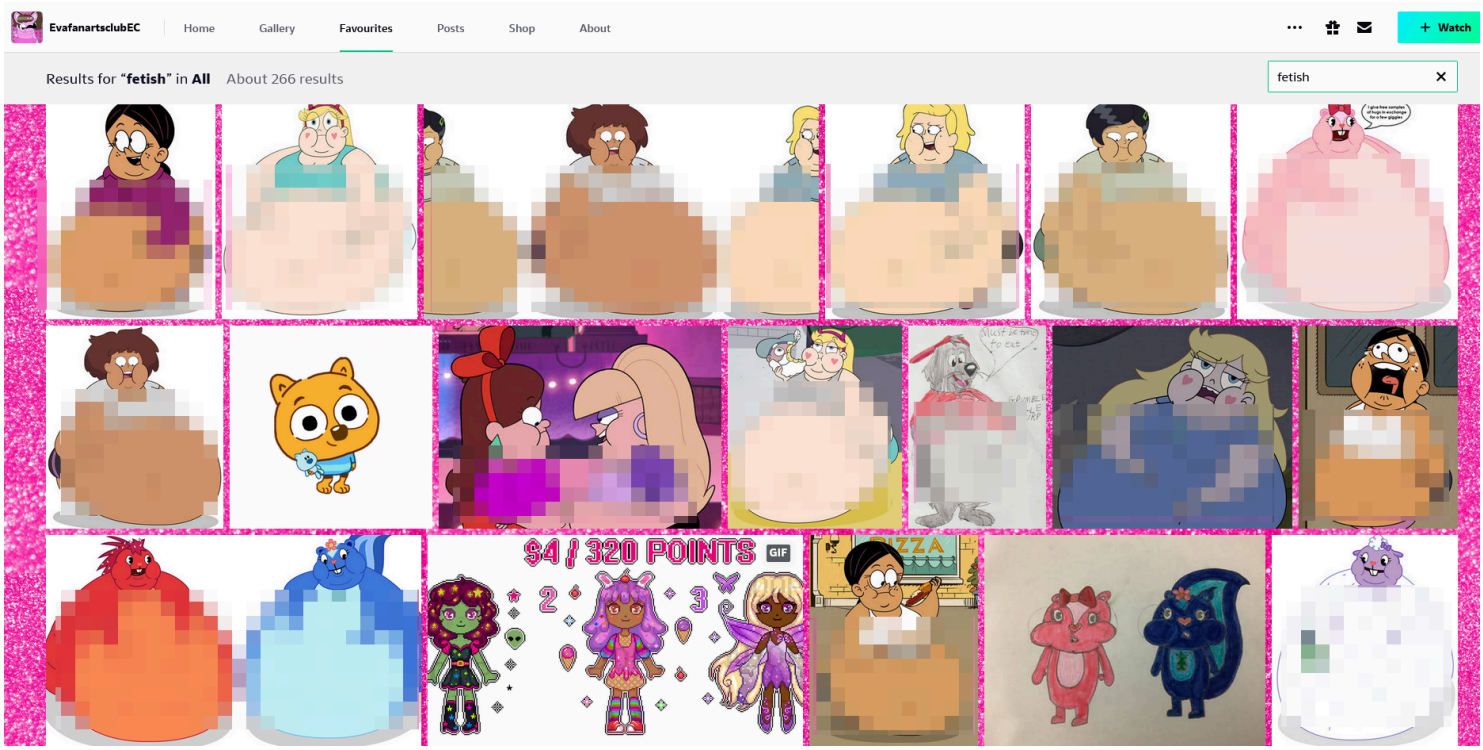
She's admitting that she favorited fetish art of **Children!**

And looking at her favorites you can see that it's true

Warning fetish art of children characters in the next screenshot
There's no nudity but I still censored it



Update 6/11/24

She's still making inappropriate requests and getting upset when she said she was going to stop. Although it's not nsfw it's still inappropriate for a 15 year old to be requesting characters in their underwear

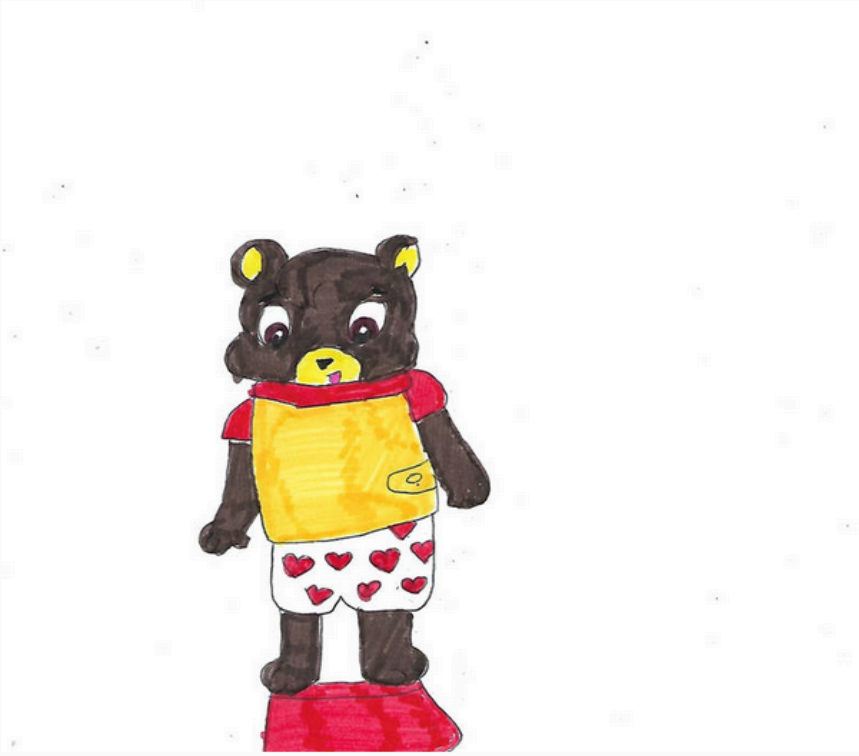
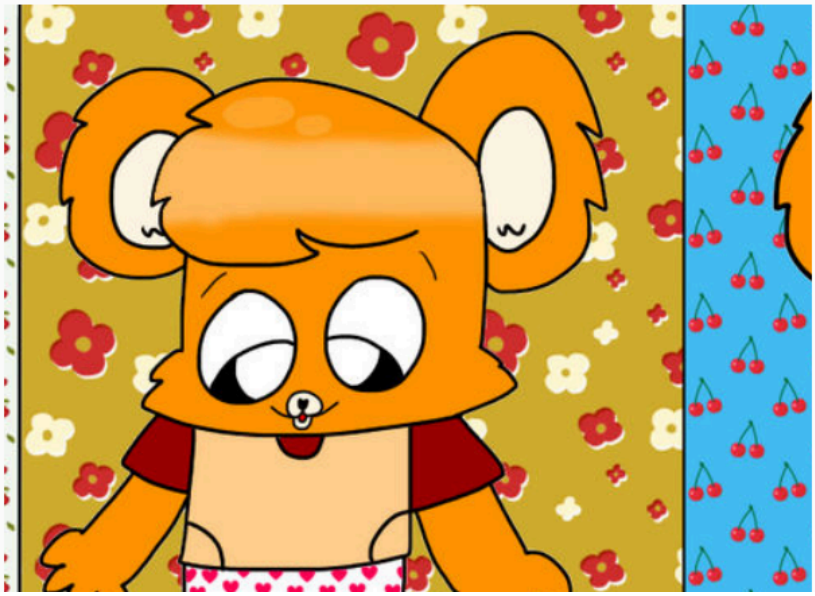
BAD NEWS EVERYONE!! Mr-Pink-Rose blocked and cut ties with me, because I requested him Teddy Ruxpin with his pants down wearing boxers shorts and he doesn't like it. And look at these pictures.





Update 6/30/24

Like it said above she said she was going to block nsfw users but as expected she’s watching the NSFW artist Gemmy. who I might have to make a call out because they’ve now just been harassing me after I blocked multiple accounts. As well as others

The icon is censored because it was a full on NSFW

SugaCoco77 CORE+ Just now

mergenthalerTim Just to let you know the comment below this is also another alt of Gemmy's

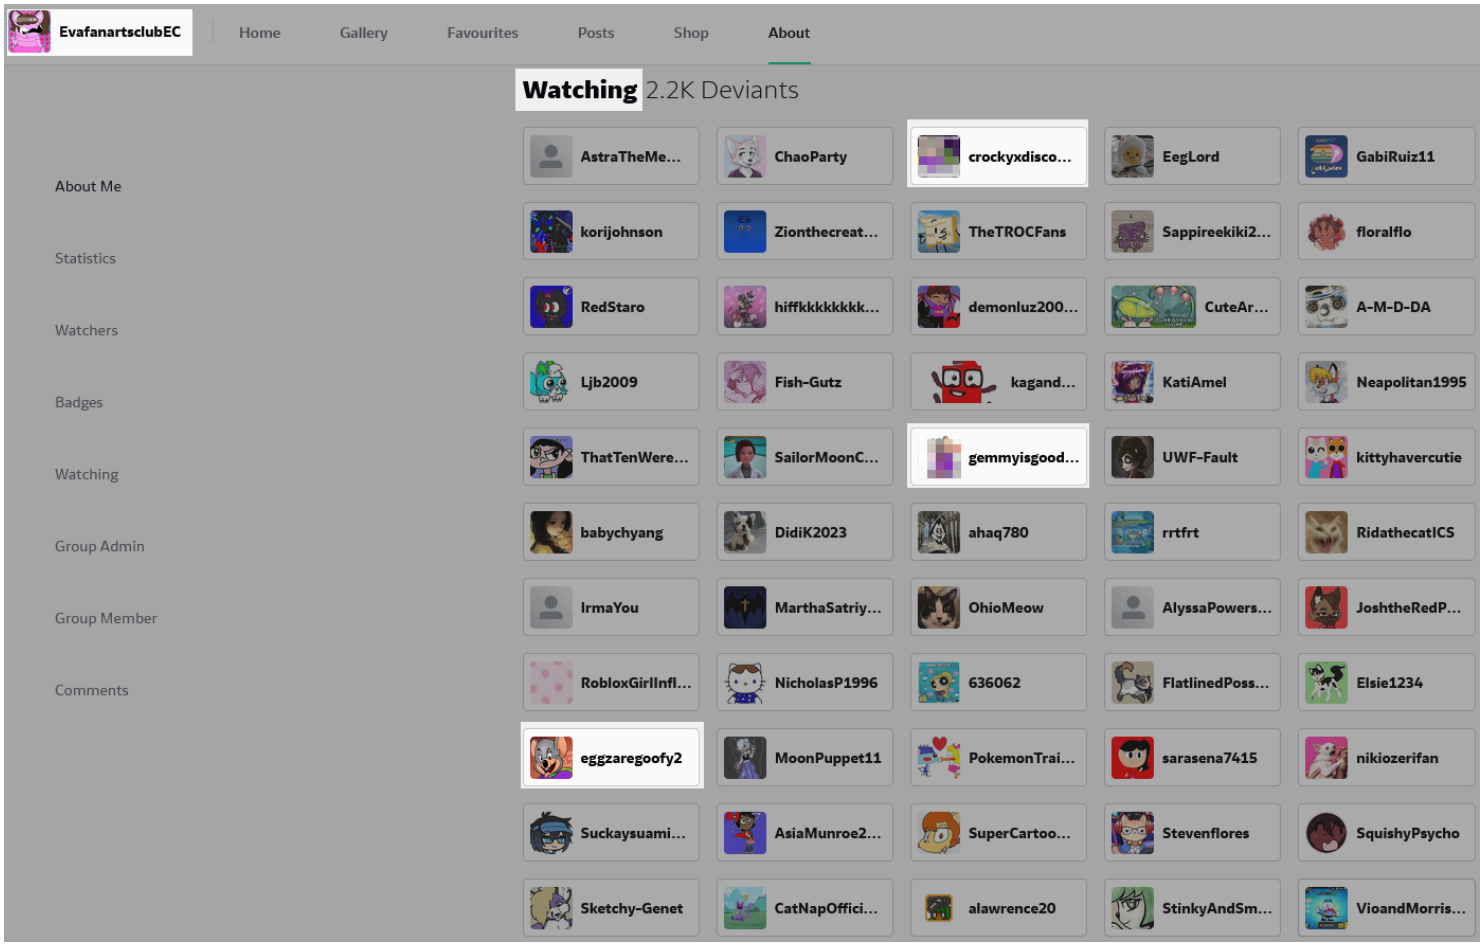
Below shows that they follow multiple of their accounts. FYI if you didn't notice the account that made the chucky and teddy ruxpin is the same person. They make multiple account to get around bans for making NSFW



Update 8/25/24

All right so it’s been awhile since this has been updated and I really was hoping I wouldn’t have to update it. But I got a post recommended to me claiming that Eva was one of the “Best users on DA” or something like that. So I was curious on if she’s changed in 2 months. Spoiler alert: she hasn’t

She is still making fetish art of her sona, if you don’t remember she’s 15
Inflation, weight gain and now even bondage

And if u really went to prison I'm sorry really, but ask other adults to be gagged not teens. If it's for gross getting-off-to fetish reasons that could be illegal too.

She is 15 years old. And u are in your 30s?! Wtf you are older than my older sister and even I know TO not ask for teens about this subjects for me, especially THEIR son's representing THEM!!

I did not ask her to draw it, she chose to do it herself

She made the bondage art for a 30 year old. Yes, he didn't know she was a minor **at first** but when he did the 30 year old didn't even have the decency to say "hey please delete this, I didn't know you were 15"

She’s putting this on the internet for predators!

Don’t know how I missed this in my past updates but here is her saying “don’t make NSFW of my sona” to known trolls and nsfw artist, while sending a picture of her sona. That is her asking for it to be done.

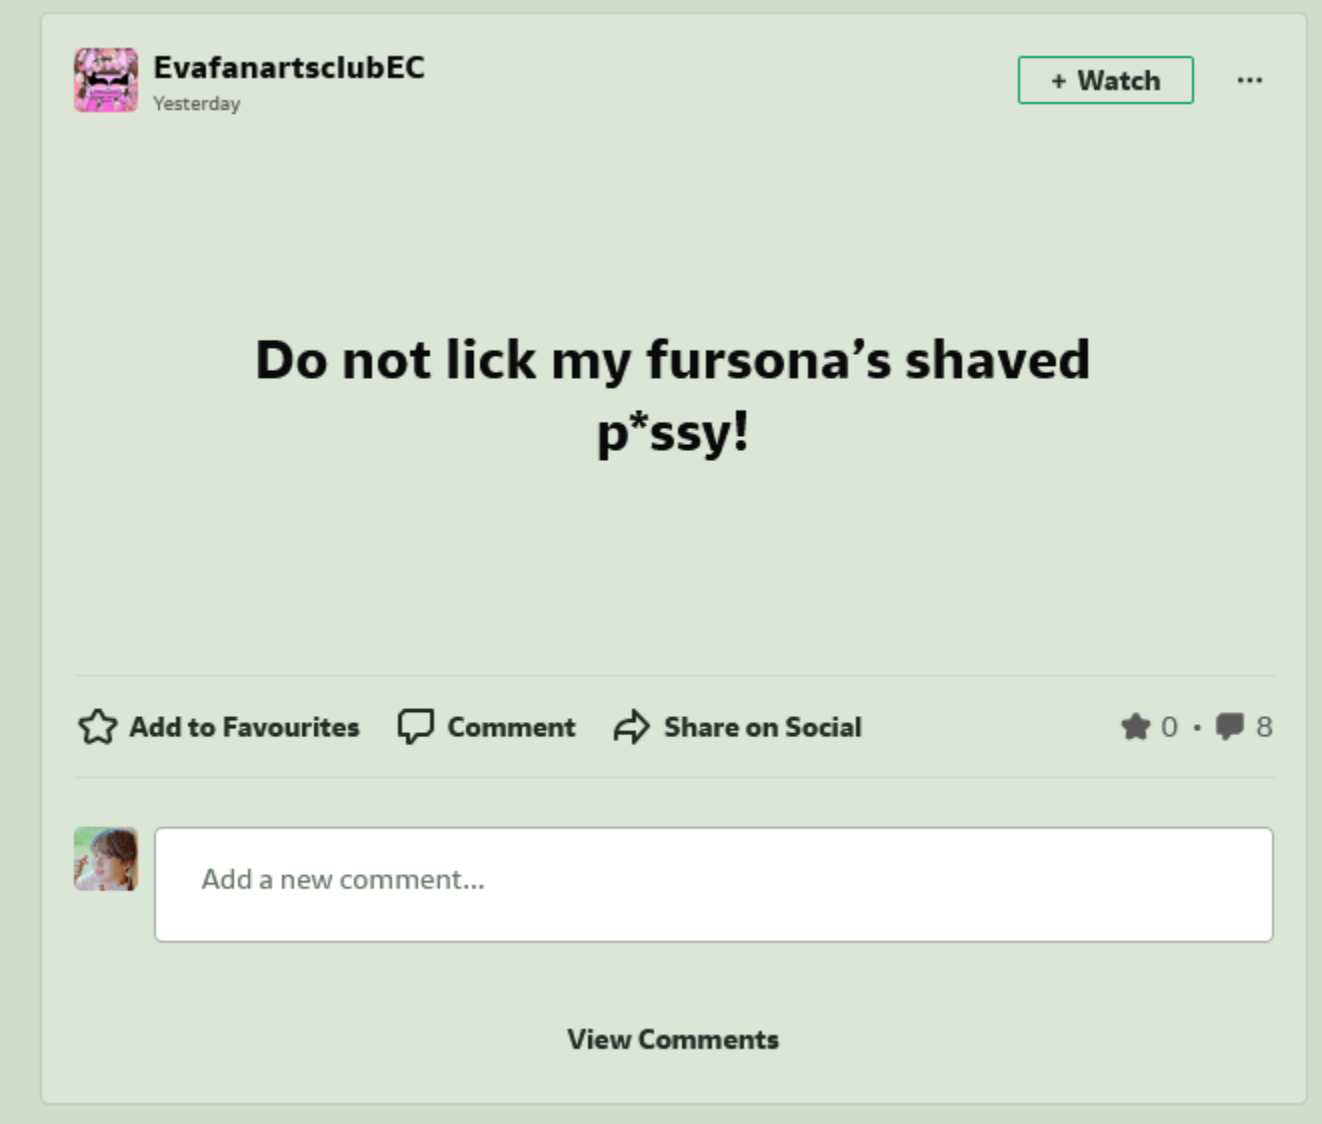
and other users who make NSFW content,

PLEASE DO NOT MAKE NUDE ART OUT OF MY FURSONA!! IF YOU MAKE NUDE ART OUT OF MY FURSONA, YOU WILL BE BLOCKED FOREVER!!!

Note this is not me victim blaming. She watches a majority of the users she tagged instead of blocking like a normal person if she were really worried about having nsfw art made of them

And this disturbing post she just made yesterday…



What normal 15 year old would post this on the internet for all to hear?!

Here’s her saying that she’s still grateful that she requested NSFW from EggzAreGoofy/ Gemmy

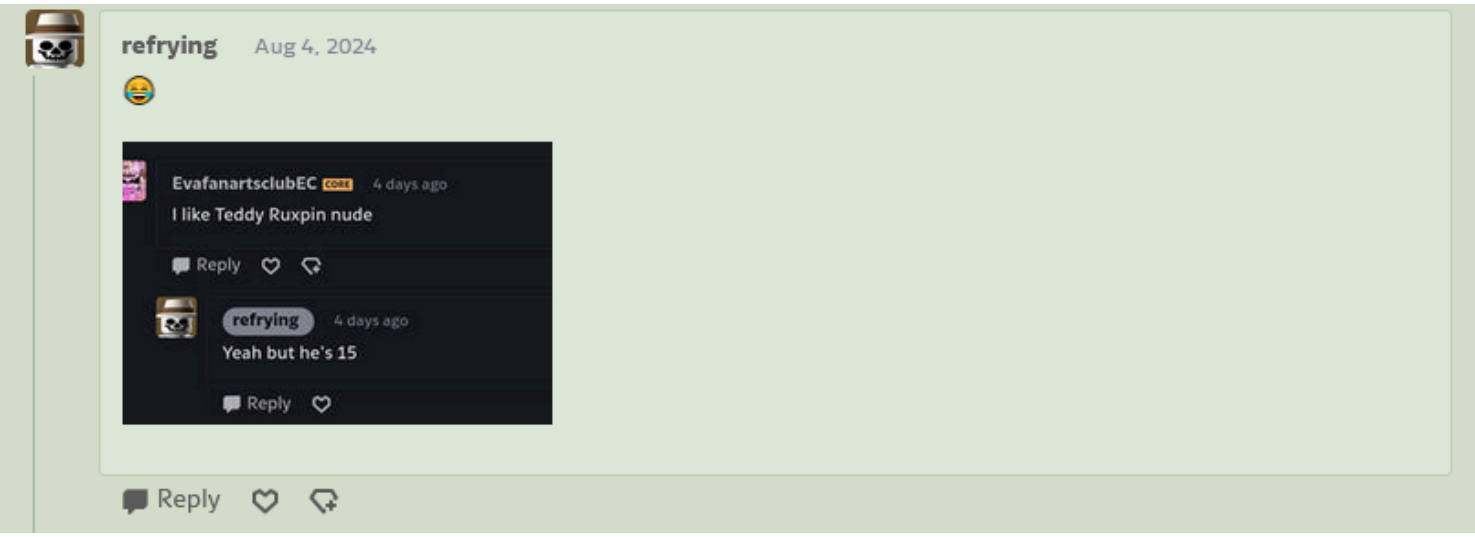
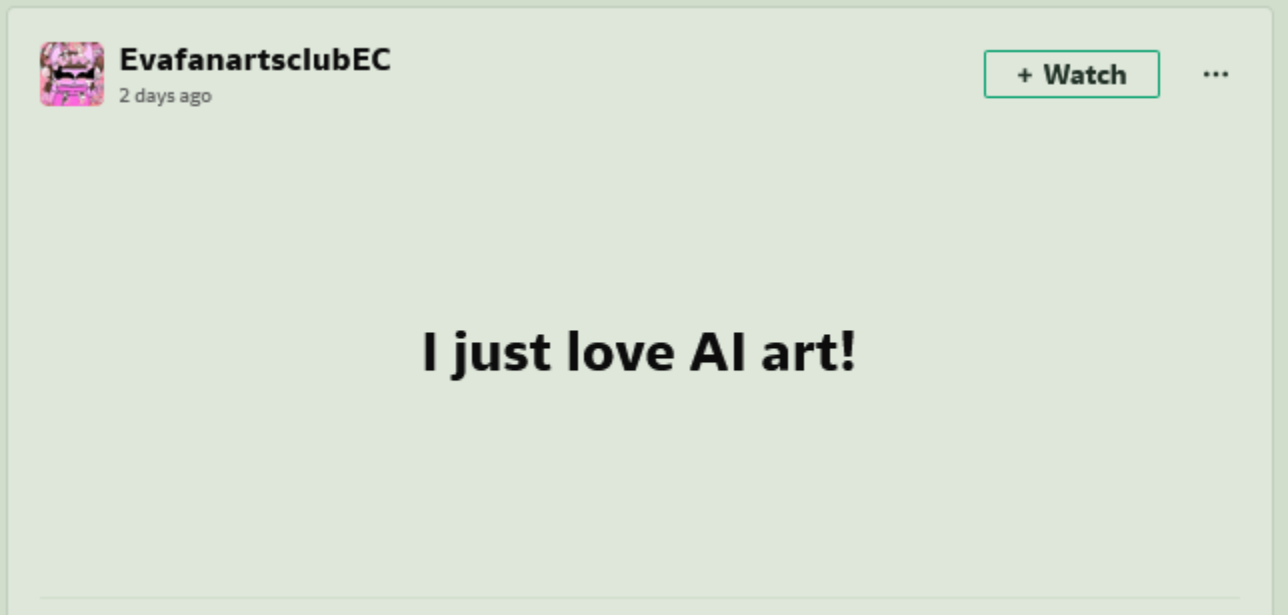
Thank you Refrying for the screenshot



And I know this isn't as bad as the nsfw/ fetish stuff but



Update 10/10/24

I just wanted to thank everyone who has shared this doc.Spreading word of what Eva has done. I hope for in the future they will learn from their mistakes but from what I've seen she's still getting involved with NSFW works

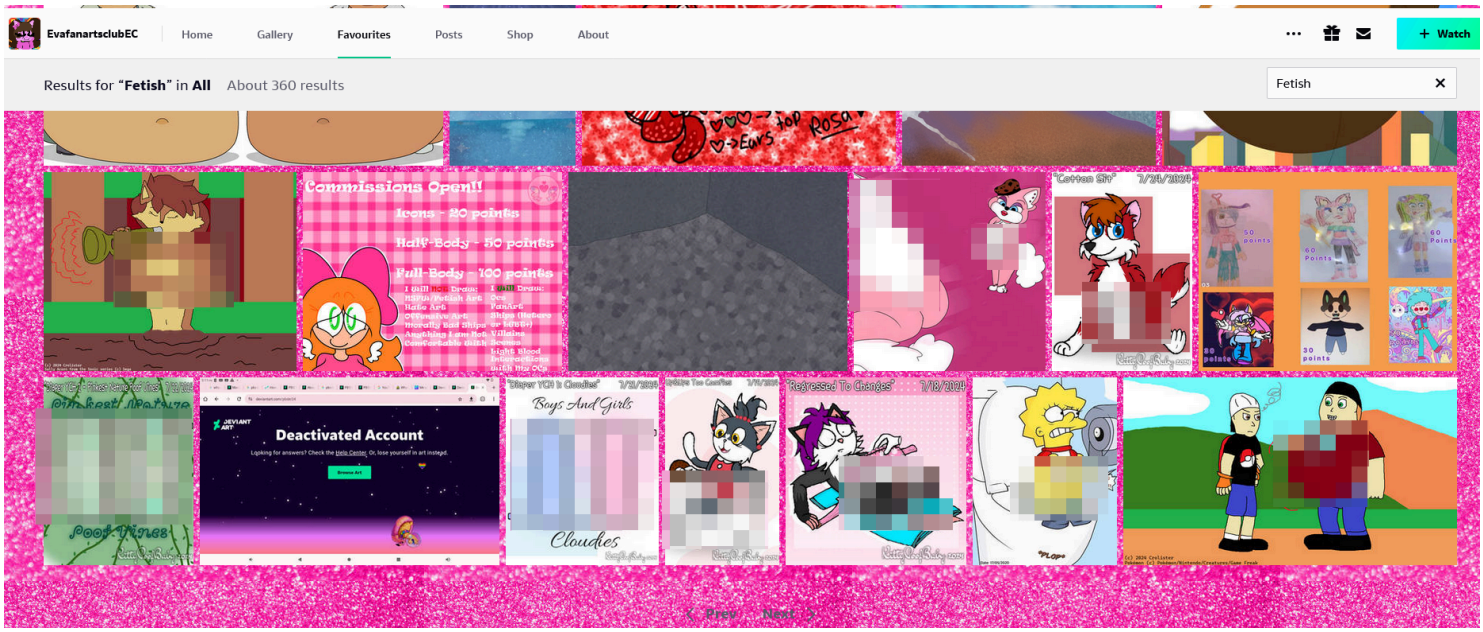
I saw some people say "she doesn't like NSFW anymore" well

These were taken today

260 compared to 191 before

360 compared to the 263 before

And now not only has still like fetish art of inflation but is now faving diapers and toilet art

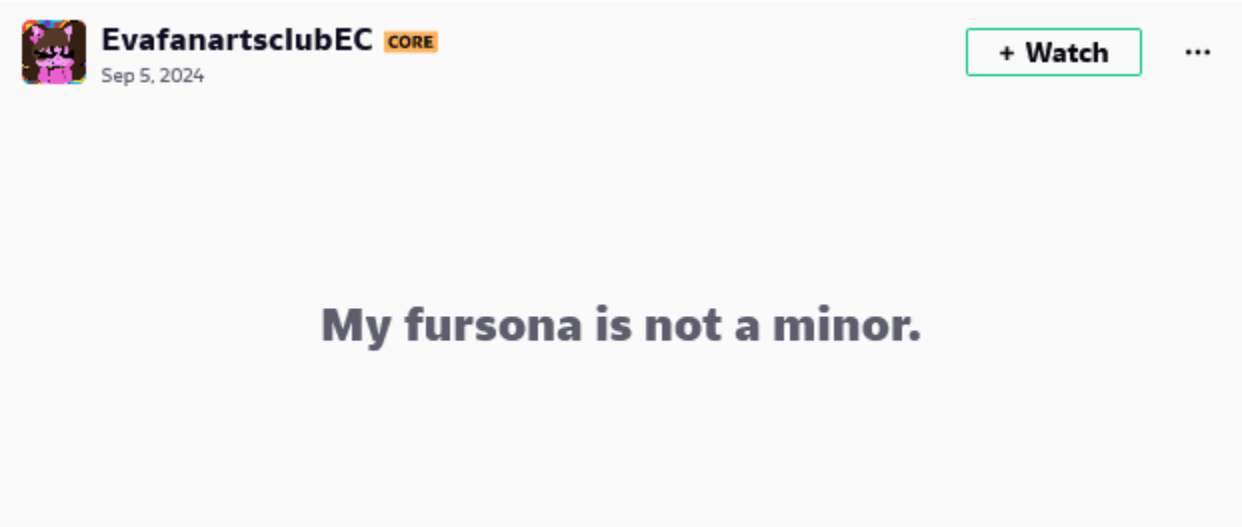


Also note Lisa Simpson is an 8 year old!! Why the hell would someone Make that!

Update 10/11/24

Forgot to add these yesterday ^^;

Now she’s acting that if she lying saying her persona isn’t a minor it makes all her inappropriate activity ok. Which it is not, she is still a minor. It doesn't matter if you make the character 1000 years old. You are still a child



Her reference sheet for her persona and herself saying she’s born in 2009

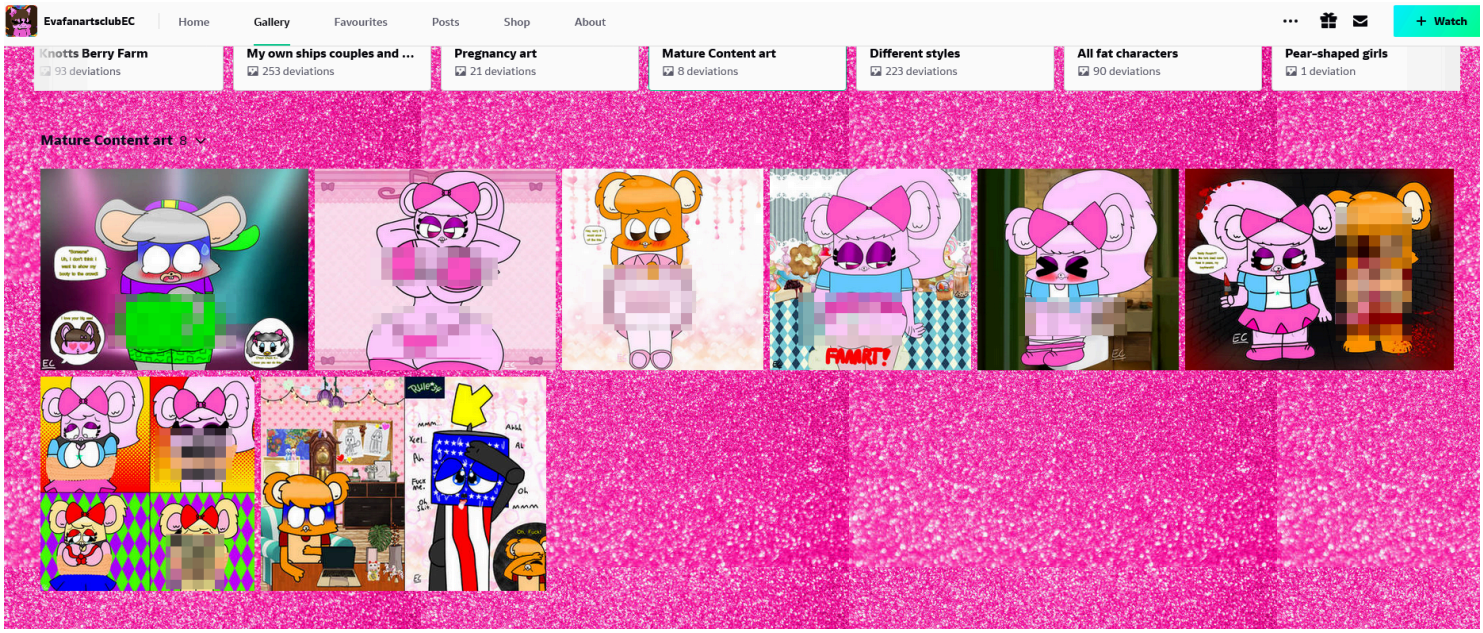
All this proof shows that she’s a minor but she also had a gallery on her DA for her “mature content art” which includes the fetishes of butts, boobs, farting,using the toilet, gore, and bondage



And no I am not saying “Boobs and butts are overtly sexual” no, those are natual body parts but in this context she is making it sexual and even in her own admitting is saying it’s mature content that she (a 15 year old) is sharing to the world
